01	The role of the concept structure of home management in achieving your desired goal in the Assignment Covid-19 situation.	Students will be able to describe the concept and purpose of home management. Explain the different methods or stages of home management.	To determine how the concept of home management helps to achieve goals in the structure: <ul style="list-style-type: none"> • concept interpretation of home management; • display the concept of home management in the framework • explain the rules of home management methods or stages in achieving the desired goal. 	Concept of home management	Explain the concept of home management accurately with examples	Explain the concept of home management with examples	Explain the concept of home management	Partially explain the concept of home management	
				Present the concept of home management in the form of table.	Explain the concept of home management structure accurately and in a consistent way	Explain the structure of concept of home management	Explain the structure of concept of home management	Partially explain some part of the structure of the home management	
				Explain the procedures of home management	Explain 4 procedures of home management properly	Explain 3 procedures of home management	Explain 2 procedures of home management	Explain 1 procedures of home management	
				Explain the role of housing management in achieving goals.	During covid-19, analyse the statement of achieving goal in your favor with proper reasoning.	If the reasoning of the statement is correct	If the reasoning of the statement is average	Statement with the reasoning not clearly explained.

Assignment for the students of S.S.C candidate 2022.

Subject: Higher Mathematics

Sub : Code-126

Assignment no-	Assignment	Learning Outcome	Instruction (Hints/step/dept)	Assessment Rubrics		
01.	 <p>(a) Find the value of K.</p> <p>(b) If the straight line $2y-x-6 = 0$ intersecting line CD at point P and intersecting X & Y axes at points R & Q respectively, then find the area of triangle PQC.</p> <p>(c) Find the equation of straight line parallel to the line CD through the point R.</p> <p>(d) If ACQE is parallelogram then find the Co-ordinate of E. then draw the parallelogram by dotting in XY plane using (graph paper). Find the area by using three different procedure.</p>	<ul style="list-style-type: none"> ❖ The students able to - ❖ Explain the Cartesian coordinate concept in the plane. ❖ Determine the distance between two points. ❖ Determine the equation of straight line. ❖ Determine the area of triangle through coordinator. ❖ Determine the area of triangles & quadrilaterals by determining the length of the sides. ❖ To draw geometric figures of triangles & quadrilaterals by dotting. 	<p>(a). Find the equation of AC & putting the point B on the given equation .</p> <p>(b). Find co-ordinate P by solving the equations CD & AQ.</p> <p>(c). Determine the slope of CD & find the equation of straight line parallel to the line CD through the point R.</p> <p>(d). Consider the slope of AC & QE are equal find the coordinate of P.</p> <p>Use the formula of the area of quadrilateral..</p>	(a)	Instruction	Num ber
				Find the value of k .	02	
				Determine the equation correctly.	01	
				Determine the area of triangle PQC	04	
				Find the coordinate of the points P & Q.	03	
				Find the coordinate of the point Q & the equation of CD.	02	
				Find the coordinate of the point Q.	01	
				Find the equation of straight line parallel to the line CD through the point R.	03	
				Find the coordinate of the point R and the slope of CD.	02	
				Find the coordinate of the point R.	01	
				Find the area by using three different method.	05	
				Determine the area in any method.	04	
				Draw the parallelogram ACQE.	03	
				Find the coordinate of the point E.	02	
Find the slope of AC or QE.	01					
Total marks = 14						
* Outstanding (11-14) * Excellent(10-11) * Good(7-9) * Need Improvement(0-6)						

Assignment for SSC Candidates of 2022

Subject: Agri Studies

Subject Code: 134

Level: SSC

No. of Assignment	Assignment	Learning Outcome/ Subject-matter	Directions (Hints / Steps / Scope)	Evaluation Rubrics					Remarks	
				Directions	Level of Performance / Marks					Score
					4	3	2	1		
01	If you want to setup a Poultry farm or Cattle farm at home, prepare a report on the application of supplementary feed	<p>*Will be able to know about the supplementary feed</p> <p>*Will be able to make a list of supplementary feed for fish, poultry and livestock</p> <p>*Will be able to know about the application method of supplying supplementary feed for fish, poultry and livestock</p> <p>*Will be able to analyze the necessity of supplying supplementary feed for rapid growth & development of fish, poultry and livestock</p>	<p>1. Chapter-1</p> <p>2. Students can take help from chapter-1, Section-6 of their text book.</p> <ul style="list-style-type: none"> • Introduction of Supplementary feed • Sources of Supplementary feed • Advantages of Supplementary feed • Types of Supplementary feed for livestock or poultry birds • Preparation of Supplementary feed & application method 	1	Introduction & Sources	Definition of Supplementary feed with example & Mention 2 sources of supplementary feed	Definition of Supplementary feed & Mention 2 sources of supplementary feed	Definition of Supplementary feed with example & Mention 1 source of supplementary feed	Definition of Supplementary feed & Mention 1 source of supplementary feed	
				2	Advantages of applying supplementary feed	Mention minimum 6 advantages	Mention minimum 4 advantages	Mention minimum 2 advantages	Mention minimum 1 advantage	
				3	Process of preparing supplementary feed	Mention at least 4 types of supplementary feed preparation	Mention at least 3 types of supplementary feed preparation	Mention at least 2 types of supplementary feed preparation	Mention at least 1 type of supplementary feed preparation	
				4	Application method of supplying supplementary feed for livestock or poultry birds	Properly mention at least 4 types of supplementary feed application methods	Properly mention at least 3 types of supplementary feed application methods	Properly mention at least 2 types of supplementary feed application methods	Properly mention at least 1 type of supplementary feed application methods
